INTERNET ACCESS AGREEMENT

PARENT OR GUARDIAN

I understand that the Internet can provide students with valuable learning experiences, it gives access to information on computers around the world, however the School cannot control what is on those computers. A very small part of that information can unfortunately be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe my student understands this responsibility, and I hereby give my permission for him/her to access the Internet under the School rules. I understand that students breaking these rules will be subject to appropriate action by the School. This may include loss of Internet access for some time.
